

## NEW ECAS CAR COMPRESSORS

As a global market leader in air suspension compressors, WABCO will launch new compressor variants for the air suspension systems of Audi, Bentley, BMW, Mercedes, Tesla and VW.

The compressor is the heart of the Electronically Controlled Air Suspension (ECAS) supporting advanced driving capabilities, enhancing driving comfort and vehicle safety.

As a rule, original equipment suppliers offer the complete Air Supply Unit as a replacement in the event of a repair. WABCO has developed a repair solution to meet the needs of our independent aftermarket customers, offering a plug-and-play solution with a single compressor to repair the Air Supply Unit in the most cost efficient way.

Our new variants are technically equal to existing compressors of Original Equipment Suppliers (OES).

Car compressor for BMW 7 Series G11/12

## ALMOST 40 YEARS EXPERIENCE IN DESIGN AND PRODUCTION OF AIR SUPPLY MODULES

- Proven technology with millions of units installed
- Used by virtually all major OEMs on a global scale
- Cover a wide range of vehicle platforms
- Genuine product with highest reliability through quality

## VEHICLE APPLICATIONS AND PRODUCT NUMBERS

Vehicle manufacturer	Model type	Model year	OE product number	WABCO OE product number	WABCO IAM product number
